

EXECUTIVE DEPARTMENT

PROCLAMATION NUMBER 131 JBE 2021

**COVID-19 PUBLIC HEALTH EMERGENCY
MITIGATION MEASURES**

- WHEREAS,** pursuant to the Louisiana Homeland Security and Emergency Assistance and Disaster Act, La. R.S. 29:721, *et seq.*, the Governor declared a public health emergency on March 11, 2020 in Proclamation Number 25 JBE 2020 in response to the threat posed by COVID-19;
- WHEREAS,** pursuant to the Louisiana Homeland Security and Emergency Assistance and Disaster Act, La. R.S. 29:721, *et seq.*, on March 11, 2020 in Proclamation Number 25 JBE 2020, the Governor declared that a statewide public health emergency existed in the State of Louisiana because of COVID-19 and expressly empowered the Governor's Office of Homeland Security and Emergency Preparedness and the Secretary of the Department of Health and/or the State Health Officer to take all actions authorized under state law;
- WHEREAS,** La. R.S. 29:761 provides that "[b]ecause the government must do all that is reasonable and necessary to protect the health and safety of its citizens; because new and emerging dangers, including emergent and resurgent infectious diseases . . . pose serious and immediate threats; because a renewed focus on the prevention, detection, management, and containment of public health emergencies is essential; and because emergency health threats . . . may require the exercise of extraordinary government powers and functions, the state must have the ability to respond, rapidly and effectively, to potential or actual public health emergencies";
- WHEREAS,** on March 22, 2020, in Proclamation Number 33 JBE 2020, the Governor issued a Stay at Home order that, among other things, ordered the people of Louisiana to stay at their homes unless taking essential trips or to travel to or from a place of employment, ordered some non-essential businesses to be closed, and placed limitations on other businesses that were allowed to remain open, which was ultimately extended until May 15, 2020;
- WHEREAS,** on April 16, 2020, the White House Coronavirus Task Force issued guidelines entitled "Opening Up America Again" that provided guidance to the states on how various parts of the economy could be re-opened;
- WHEREAS,** this guidance calls for the re-opening to occur in three phases, with the gating criteria for movement between phases being a 14-day downward trajectory in influenza-like and COVID-like symptoms, a 14-day downward trajectory in cases or positive tests as a percent of total tests, and the ability for hospitals to treat all patients without crisis care;
- WHEREAS,** on Wednesday, March 3, 2021, the Governor renewed the public health emergency, keeping the state of Louisiana in Phase 3 of Resilient Louisiana, maintaining many of the mitigation measures that have successfully slowed the spread of COVID-19 in the state;
- WHEREAS,** despite the success of the mitigation measures and adoption of vaccines in helping to beat back the third surge of COVID-19 in the state, the escalating prevalence of the Delta variant in the state has resulted in a significant increase in cases and hospitalizations, with the state giving up all of the progress made since mid-February;

WHEREAS, the need for the mitigation measures in this proclamation remains significant, as the success of the vaccine administration in Louisiana shows that the state can again turn the corner on this pandemic if there is continued vigilance and increased vaccinations; and

WHEREAS, these measures are necessary to protect the health and safety of the people of Louisiana.
