GODA Activities in 2018

The Governor’s Office of Disability Affairs works to adequately educate, address, and resolve issues and concerns relative to the disability community. GODA participates in initiatives that promote, encourage and support citizens with disabilities so they may have an equal opportunity to actively participate in all aspects of life.

Americans with Disabilities Act (ADA) Symposium

The Governor’s Office of Disability Affairs hosted the ADA Symposium at the Claiborne Building on July 26, which was the 28th anniversary of when the Americans with Disabilities Act was signed into law. The ADA Symposium was free to attend and featured national accessibility expert Kristi Avalos, CEO/President of Accessology. Over 250 people attended the ADA Symposium and were able to participate in one of the breakout sessions for ADA Accessibility; K-12 Education; ACT 833 and graduation pathways; Emergency Preparedness; Early Childhood and Inclusive Care; Independent Living; Higher Education; OCDD Waiver System Transformation; and Increasing Employment Opportunities and Local Disability Awareness which allowed attendees to network, collaborate, and discuss next steps. Governor John Bel Edwards also expressed that accessibility and the needs of individuals with disabilities are important for his administration.
GODA Legislative Report

Representative Patricia Smith authored 3 bills related to individuals who are deaf or hard of hearing. They are HB 17, HB 199, and HB 474.

HB 14 authorizes retirees of the Teachers' Retirement System of La. (TRSL) to return to work who are interpreters, educational transliterators, or educators of the deaf or hard of hearing to the list of critical shortage positions that may be filled without benefit suspension.

HB 199 creates the Language Equality and Acquisition for Deaf Kids (LEAD-K) Task Force to develop a resource for parents to monitor and track deaf and hard of hearing children's expressive and receptive language acquisition and developmental stages toward English literacy; and develop a framework for assessing children who are deaf or hard of hearing to determine their competencies in language and literacy skills for the purpose of ensuring they are able to achieve kindergarten readiness in an equitable manner. The law provides that the task force shall study and make recommendations relative to matters that shall include, but need not be limited to, developing a framework for assessing children who are deaf or hard of hearing and selecting language developmental milestones from existing standardized norms. It requires the task force to do all of the following:

(1) Review and make recommendations relative to existing tools or assessments for educators to use to assess the language and literacy development of such children.

(2) Determine how often such tools or assessments should be used for children from birth to age five.

(3) Identify language development milestones for such children by consulting with professionals trained in the language development and education of such children.

(4) Identify procedures and methods for reporting language acquisition, assessment results, milestones, assessment tools used, and progress of such children to parents, teachers and other professionals involved in their early intervention and education.

(5) Make recommendations relative to ensuring that state law and state and local policies are adequately addressing the language developmental needs of such children.
HB 474 requires that the council work with the deaf community to develop a communication training plan that uses face-to-face techniques with limited pre-recorded videos. Peace officers are required to complete this training program on and after Jan. 1, 2019. It also requires the council to utilize communication cards from a nongovernmental agency that specializes in working with deaf and hard of hearing individuals.

Representative Beryl Amedee authored HB 292 which requires the court to allow a witness who is either under 18 years of age or who has a developmental disability to have a facility dog, if available, accompany them while testifying in court. The law also authorizes the court to allow the use of facility dogs in cases involving all other witnesses. A "facility dog" is a dog that is certified and a graduate of an assistance dog organization that is accredited, and specially trained to provide emotional support to witnesses testifying in judicial proceedings without causing a distraction during the proceedings.

Representative Rodney Lyons authored HB 627 authorizing the recommendation or prescription of medical marijuana in treating certain health conditions associated with autism spectrum disorder. In 2016, Governor Edwards signed into law Act 96 by Senator Fred Mills which authorizes physicians who are domiciled in La. and licensed by and in good standing with the La. State Board of Medical Examiners to recommend tetrahydrocannabinols (commonly referred to as "medical marijuana"), or chemical derivatives thereof, for therapeutic use by patients clinically diagnosed as suffering from a debilitating medical condition including cancer, positive status for human immunodeficiency virus, acquired immune deficiency syndrome, cachexia or wasting syndrome, seizure disorders, epilepsy, spasticity, Crohn's disease, muscular dystrophy, or multiple sclerosis. HB 627 adds the following conditions associated with autism spectrum disorder as conditions for which physicians may recommend treatment with medical marijuana:

1. Repetitive or self-stimulatory behavior of such severity that the physical health of the person with autism is jeopardized.
2. Avoidance of others or inability to communicate of such severity that the physical health of the person with autism is jeopardized.
4. Physically aggressive or destructive behavior.

The law stipulates that no physician shall recommend medical marijuana for treatment of any condition associated with autism spectrum disorder for a patient who is under the age of 18 unless the physician is a pediatric subspecialist licensed by the La. State Board of Medical Examiners and credentialed by the La. Board of Pharmacy.
Developmental Disability Awareness Month Campaign

To coincide with National Developmental Disabilities Awareness Month, Governor John Bel Edwards proclaimed March 2018 as Developmental Disabilities Awareness Month in Louisiana. The proclamation reads, in part, "celebrating the abilities and contributions of people with developmental disabilities can only serve to enrich the communities of Louisiana and enhance our diversity." Read the full proclamation here.

National Disability Employment Awareness Month 2018

In recognition of the ongoing efforts to increase employment opportunities for individuals with disabilities in our state, and to support the efforts nationwide, Governor John Bel Edwards has issued a Proclamation declaring October as Disability Employment Awareness Month in the State of Louisiana. The purpose of National Disability Employment Awareness Month is to educate employers about the value of maintaining a diverse and inclusive workforce, and empowering individual disabilities. The Governor’s Office of Disability Affairs (GODA) will be participating in various disability employment awareness events during the month of October including but not limited to:

- Inclusion Day: Overcoming Barriers to Employment sponsored by Lighthouse Louisiana on October 5, 2018 in Baton Rouge Louisiana. Invitation Link: Here
- The Acadian Regional Diversity Job Fair on October 9, 2018 in Lafayette. Click Here for more information.
- The Conference on Disability Advocacy on October 9, 2018 at the University of Monroe (ULM) Library 7th Floor Conference Center. Invitation Link: Here
- The APSE Employment First Policy Symposium on October 26, 2018 in Baton Rouge. For more information click Here.
- The MDC Employment First CORE Training beginning on October 30, 2018 in New Orleans. For more information click Here.

GODA continues to participate in various ongoing initiatives such as:

- The State As A Model Employer (SAME) Task Force, which is a coalition that makes recommendations and policies that will support the State in expanding the diversity of its workforce.
- The Employment First Vision Quest Team, coordinated by the Governor’s Office of Disability Affairs with assistance from a federal grant, developed the Employment Resource Guide which can be found at www.laworks.net. This guide will be useful for people with disabilities, their families, and the professionals who support them, in exploring employment and career possibilities. It includes six sections that summarize resources to meet a variety of employment related questions and concerns.

The 2018 Inclusive Art Show Contest

Over 60 individuals participated in the 2018 Inclusive Art Contest. To bring greater awareness of the importance of inclusion in today’s society, the Governor’s Office of Disability Affairs accepted entries that illustrated or described ideas related to this year’s theme: “Working Together.” A ceremony took place on November 28, 2018 in recognition of the Inclusive Art Contest participants. Patrice Parks was selected as the “Lynette Fontenot Excellence in Inclusion Award” recipient (named after the GACDA chairperson) for the best overall entry. Participants were encouraged to use art as a means to share their vision, experiences, and talents to demonstrate this year’s theme of inclusion. Medals and special recognition from Gov. Edwards were presented to those who earned first place, second place, third place, and honorable mention. Other individuals received recognition at the ceremony. GACDA Chairperson Lynette Fontenot was the keynote speaker. This event was also televised statewide.

- Wrote a letter urging LDOE and BESE to delay their Louisiana ESSA Plan submission.
Transportation Subcommittee

Mission And Areas of Responsibility

This committee shall identify the needs, concerns, and availability of accessible transportation for individuals with disabilities in Louisiana. This committee is charged with making recommendations to the Governor and appropriate agencies relative to accessible transportation.

Committee Accomplishments

In 2018, The Transportation Committee accomplished the following:

- Created and implemented a statewide transportation survey to determine the transportation needs of people with disabilities in Louisiana.
- Voted to support HB 457 and HB 474 during the 2019 Legislative Session.
- Planned a meeting with Louisiana Department of Transportation and Development (DOTD) to go over policies and preparedness during emergency and disaster situations for individuals with disabilities.
Statewide Interagency Coalition Council
(SICC)
The State Interagency Coordinating Council (SICC) for EarlySteps is an independent board that advises EarlySteps. A state that desires to receive financial assistance under Part C of IDEA must establish a State Interagency Coordinating Council. In drafting the original legislation, Congress recognized the need for a group outside of the Lead Agency to “advise and assist” in the development of this comprehensive system of coordinated early intervention services. The Council must be appointed by the Governor and the appointment of membership must reasonably represent the population of the state.

The SICC advises and assists in the performance of its responsibilities, particularly in regard to:

- The identification of the sources of fiscal and other support for early intervention services;
- The assignment of financial responsibility to the appropriate agency;
- The transition of toddlers with disabilities to preschool and other appropriate services;
- The provision of appropriate services for children from birth through age five;
- The promotion of interagency agreements;
- The SICC also advises and assists the Lead Agency in the preparation of applications, the transition of infants and toddlers to preschool or other appropriate services at age three, and the preparation and submission of an annual report to the Governor and to appropriate federal authorities on the status of EarlySteps.

SICC Mission

To work in collaboration with the Louisiana Office for Citizens with Developmental Disabilities, in an advisory capacity, to design and oversee the implementation of a family-centered, community-based, comprehensive, interagency service delivery system for infants and toddlers (birth to two) who are eligible for Part C services, and their families. This system will be monitored and evaluated to ensure that families are supported and that the potential of each child is maximized.

Melanie Washington named Executive Director of SICC for Early Steps

At the start of the New Year, January 25th, The Governor’s Office of Disability Affairs welcomed Melanie Washington as the new Executive Director of the State Interagency Coordinating Council (SICC) for Early Steps. Melanie received her Master of Social Work degree in from Louisiana State University in 2005 and is a Licensed Clinical Social Worker – Board Approved Clinical Supervisor (LCSW-BACS) in the state of Louisiana. She received her Bachelor of Arts Degree from Southern University in 2001. After completing the Master’s program, Melanie spent 3 years working as a counselor with under-resourced students at LSU's Student Support Services program. She then spent the next 6.5 years working as a Mental Health Counselor at Southern University's Counseling Center before returning to LSU in December 2014 as Program Director of a violence prevention program, YEP Village, for African American males. YEP Village was a three year program that ended late 2017.

In addition to this, Melanie is also an adjunct instructor at Southern University in their undergraduate Social Work program. Currently, Melanie is completing a doctoral program at the University of Louisiana at Lafayette (ULL). We are excited to have Melanie Washington join our team as a valuable member of the Governor’s Office.

EarlySteps is a federal program that provides a comprehensive system of coordinated early intervention supports and services to families of infants and toddlers with disabilities. The requirements for the program are outlined in the legislation of Part C of the Individuals with Disabilities Education Improvement Act of 2004, otherwise known as IDEA. Early Steps is an interagency effort administered through the Louisiana Department of Health (LDH), Office for Citizens with Developmental Disabilities (OCDD) in conjunction with LA-SICC.

EarlySteps provides services to families with infants and toddlers aged birth to three years (36 months) who have a medical condition likely to result in a developmental delay, or who have developmental delays. Children with delays in cognitive, motor, vision, hearing, communication, social-emotional or adaptive development may be eligible for services. EarlySteps services are designed to improve the family's capacity to enhance their child's development. These services are provided in the child's natural environment, such as the child's home, child care or any other community setting typical for children aged birth to 3 years (36 months).

Experience has shown that families with young children with special needs frequently require a range of services which cannot be provided entirely by a single agency. Intervening with coordinated health, social, and educational services during the first three years of life increases developmental and educational gains for the child, improves family function, and reduces the costs of special care later in life. For more EarlySteps information, go to: [http://www.ldh.la.gov/index.cfm/page/139](http://www.ldh.la.gov/index.cfm/page/139)
EarlySteps Regional Offices

Nine regional coordinators are responsible for training, technical assistance, provider and referral source outreach, providing leadership at the regional level to support the State Systemic Improvement Plan (SSIP), enrollment, and handling problems and complaints, etc. Regional coordinators are housed in LDH Human Services District/Authority offices, OCDD regional resource center offices, or in other state agency offices.

Each Region within the state has an Interagency Coordinating Council (RICC). The regional coordinators are responsible for coordinating the RICC activities and meetings with regional providers, families, and other stakeholders. The RICCs are a major communication source at the local/regional level for EarlySteps information and early childhood activities in general. Parents, guardians, caregivers, providers, stakeholders, and all interested parties are encouraged to attend RICC meetings to stay current with the latest information and provide valuable feedback.

Louisiana State Interagency Coordinating Council 2018 Recommendations

Date: October 11, 2018
To: Louisiana Department of Health
From: State Interagency Coordinating Council for Early Steps

Title
State Interagency Coordinating Council (SICC) Recommendations to the Louisiana Department of Health, October 11, 2018.

Recommendation
The SICC recommended that a letter be sent to the Office for Citizens with Developmental Disabilities (OCDD) Assistant Secretary, Julie Foster Hagan, and a copies to Louisiana Department of Health (LDH) Deputy Secretary Mark Thomas and Secretary Rebekah Gee, to request that Family Cost Participation for EarlySteps families be eliminated without changing eligibility criteria. A follow-up meeting with Dr. Gee will also be requested to discuss the issue and explain the reason for the request.

The recommendation was approved by the SICC and the actions went forth to LDH. The Governor’s Advisory Council on Disability Affairs (GACDA) and the Louisiana Developmental Disabilities Council (LADDC) joined the SICC in this recommendation.
Statewide Independent Living Council
(SILC)
The Louisiana Statewide Independent Living Council is a Governor appointed council established to develop and monitor the State Plan for Independent Living (SPIL). This responsibility is held jointly with the Centers for Independent Living (CILs). Mandated under the Rehabilitation Act of 1973, as amended in 1992, the governing body of the LASILC is composed of twenty-two (22) individuals, seventeen voting members appointed by the Governor of Louisiana based on recommendations provided by the Council after a nominations and review process, and five ex-officio, non-voting members representing various state agencies which are also appointed by the Governor. A majority of the Council members are individuals with disabilities who are not employed by any state agency or a Center for Independent Living. Funding for the LASILC is federal from the Administration of Community Living (ACL) provided by Title I and Title VII, Section 705 of the Rehabilitation Act. LRS is a pass-through entity, applying for and distributing the funds. All policies governing the activities and operations of the LASILC are made by the Council.

VISION STATEMENT: “The Louisiana Statewide Independent Living Council envisions a fully inclusive Louisiana; where all of its citizens, including those with disabilities, have the resources and opportunities to live, work and thrive in their integrated communities.”

MISSION STATEMENT: “The mission of Louisiana’s Independent Living program(s) is to maximize the leadership, empowerment, independence, and productivity of individuals with disabilities, facilitating integration and full inclusion of individuals with disabilities into the mainstream of American society. Louisiana’s IL Partners promote a philosophy of Independent Living, including: consumer control, peer support, self-help, self-determination, equal access, and individual and system advocacy.”

PURPOSE STATEMENT: “The purpose of the Council is to promote a philosophy of independent living, including a philosophy of consumer control, peer support, self-help, self-determination, equal access, and individual and system advocacy.”

SILC Activities in 2018

In 2018, the members of SILC consistently participated in various initiatives that promoted a philosophy of independent living and the full inclusion of individuals with disabilities into the mainstream of American society.

In July 2018, SILC received a budget increase from $110,993 to $120,993. In addition, the Administration for Community Living (ACL) announced an increase of $26,694 to Louisiana’s award under Subpart B of the Rehabilitation Act.

In October 2018, the following members were formally appointed by Governor John Bel Edwards to the SILC:

Jamie Ainsworth, Baton Rouge,
Daryn Broussard, Shreveport
Danny K. Cottonham, Lafayette
Jill Egle, New Orleans
Michelle Guillory, Baton Rouge
Kristopher Hebert, Lafayette
Sharron Hennessy, Baton Rouge

REV UP Campaign for Disability Voter Registration

The Statewide independent Living Council (SILC) promoted the REV UP Campaign at various events across the state. The REV UP Campaign is a national initiative implemented to increase the political participation of the disability community. REV UP stands for: Register Educate Vote and Use your Power. SILC used the REV UP Campaign as a platform to discuss: eliminating barriers to voting, promoting accessibility of voting technology and polling places, and promoting voter turnout of individuals with disabilities in future elections. In addition to promoting the REV UP Campaign, SILC educated interested parties about the Centers for Independent Living located throughout the state CILs are consumer-controlled, community-based, cross-disability, non-residential, private, non-profit agencies that are designed and operated within a local community by individuals with disabilities and provide an array of independent living services.
The Statewide independent Living Council participated in the Walkability, Roll-ability, Possibility: Integrating Accessibility into Your Walking Audits, a New Orleans event which took place on September the 17, 2018. This event was developed to create awareness and educate others on the importance of universal design in public places for increased inclusion of people with disabilities. Attendees participated in an interactive walking and rolling audit, identifying key features of accessibility, making recommendations, and learning firsthand of the structural and architectural barriers that can be cumbersome for individuals with disabilities. This event was also created to encourage partnerships within the disability community to improve access and inform and educate all community leaders, elected officials, city planners, stakeholders, etc. about research, trends, and best practices in inclusive design.

The Governor’s Office of Women’s Policy, in partnership with the Louisiana Statewide Policy and the Louisiana State Police, hosted a statewide event to honor the memory of victims of Domestic Violence (DV) as well as the courageous survivors impacted by DV and living with disabilities. On October 11, the Domestic Violence Prevention Commission acknowledged Domestic Violence Awareness Month and celebrated those who have survived tragic circumstances.
In recognition of Disability Employment Awareness Month, the Statewide Independent Living Council (SILC) hosted its Inclusion Job and Resource Fair on October 30, 2018 at the Cortana Mall in Baton Rouge, LA. More than 40 vendors participated in this event to provide resources and employment opportunities to individuals with and without disabilities. More than 200 job seekers participated in the SILC Job and Resource Fair. This event was created in partnership with Healthy Blue, an initiative of Blue Cross and Blue Shield of Louisiana to celebrate and create awareness of the importance of National Disability Employment Awareness Month (NDEAM). Employment Initiatives

The Governor’s Office of Disability Affairs hosted workgroups, roundtables, and other events in collaboration with diverse and varied stakeholders about Employment First, which is an initiative of stakeholders designed to address barriers to employment and improve employment outcomes for people with disabilities. Due to those efforts, in collaboration with diverse and varied stakeholders, Louisiana was selected to receive Training and Technical Assistance (T/TA) as a Vision Quest (VQ) State for the 2018 fiscal year under the United States Department of Labor’s, Office of Disability Employment Policy (ODEP) Employment First State Leadership Mentoring Program (EFSLMP). This technical assistance has furthered the efforts to increase competitive, integrated employment outcomes for all individuals with disabilities.

In March 2018, Louisiana set a goal to serve as a “model employer for business by a commitment to improved hiring, recruitment, and retention of people with disabilities” through an Executive Order signed by Governor John Bel Edwards. The convening of a State As a Model Employer Task Force and the Task Force report were the first steps in launching this important initiative which will enhance the diversity of the public workforce, lead the business community, and highlight the State’s position as a leader in the protection of civil rights for individuals living with disabilities. The Task Force report includes a series of recommendations and policies which will support the State in achieving the goals of the Executive Order and encourage State agencies as they seek to expand the diversity of their workforce. The Task Force report is available here.

The SAME Task Force was delegated responsibility to: develop policies, strategies, and services designed to achieve the employment targets established in the Order; establish a five-year plan with annual goals that will enable the state workforce to reach parity with the percentage of working age people with disabilities in Louisiana; and provide guidance and other support to agencies and institutions of higher education for recruitment, retention, accommodations, and accessibility for persons with disabilities. Each state agency was required to designate a State as Model Employer point of contact and delegated responsibility to develop an individual agency plan to promote hiring, recruitment, and retention.
Employment Initiatives Continued

Governor John Bel Edwards and the Governor’s Office of Disability Affairs Coordinator April Dunn promote Louisiana’s state government initiative to serve as a model employer for business through improved hiring, recruitment, and retention of people with disabilities in this video. The State As a Model Employer Task Force Report also includes recommendations and policies that will support the State in expanding the diversity of its workforce.

The Employment First Vision Quest Team, coordinated by the Governor's Office of Disability Affairs with assistance from a federal grant, developed the Employment Resource Guide which can be found at www.laworks.net. This guide is useful for people with disabilities, their families, and the professionals who support them in exploring employment and career possibilities. It includes six sections that summarize resources to meet a variety of employment related questions and concerns.

GACDA Community Partners

Governor’s Office of Disability Affairs and GACDA collaborates with various community partners in the effort to connect individuals with disabilities with the appropriate and necessary information and resources. Establishing relationships with other groups enables GACDA to build a diverse network of individuals to better serve the disability community.

The Advocacy Center of Louisiana (AC) protects, empowers, and advocates for the human and legal rights of people with disabilities and seniors living in Louisiana, in order that they may live an integrated life in the community, free from abuse, neglect and exploitation. The AC is the protection and advocacy (P&A) system for Louisiana. There is no charge for AC services. AC provides 6 types of assistance: Information & Referral, Legal Assistance, Investigations of Abuse and Neglect, Outreach & Training, Systems Advocacy, Legislative Information and Education.

The Arc of Louisiana advocates with and for all people with intellectual and related developmental disabilities and their families so that they shall live to their fullest potential.

People First of Louisiana is a self-advocacy group run by people with disabilities, for people with disabilities, where people learn to speak up for themselves about decisions they make. Members can connect with others in their community, across the nation, and around the world and learn about their rights and responsibilities as citizens. http://www.peoplefirstla.org

The Governor’s Office of Homeland Security and Emergency Preparedness is responsible for coordinating the State’s efforts throughout the emergency management cycle to prepare for, prevent where possible, respond to, recover from, and mitigate against to lessen the effects of man-made or natural disasters that threaten our State. The State, through GOHSEP, has a significant responsibility to protect communities, citizens, property, and assets in the event of an emergency or disaster. GOHSEP does that by working with partners from State and Federal agencies; Parish, Tribal and local governments; nongovernmental organizations (NGOs); private nonprofits (PNPs) and other private-sector businesses to achieve its Mission and Vision.

### Children's Cabinet

The Children's Cabinet serves as the governing body for the State of Louisiana and is responsible for coordinating funding and programmatic services at the state and local level, related to children and their families. It consists of the cabinet secretary of each state department and is chaired by the executive director of the Children’s Cabinet, who is appointed by the governor. The mission is to achieve the most effective and efficient use of monetary, human, and organizational resources to lift children and their families out of poverty. The Children's Cabinet Advisory Board provides information and recommendations from the perspective of advocacy groups, service providers and parents on policies and programs relating to Louisiana children.

Children’s Cabinet Advisory Board Strategic Goals:

- Advise and assist the Children’s Cabinet
  - Coordinate agency resources and provide linkages among agencies that serve children and families
  - Develop policy, program and budget recommendations to address child and family issues

The Louisiana Statewide Interagency Coordinating Council (LA-SICC) works in collaboration with the Louisiana Office for Citizens with Developmental Disabilities, in an advisory capacity, to design and oversee the implementation of a family-centered, community-based, comprehensive, interagency system for infants and toddlers (birth through two years of age) who are eligible for Early Steps and their families. Our goal is to advise and assist the Louisiana Department of Health (LDH), as the Lead Agency, in the monitoring and evaluation of this system to ensure that families are supported and the potential of each child is maximized.
LATAN assists individuals with disabilities to achieve enhanced quality of life and greater independence through access to Assistive Technology (AT). LATAN serves Louisiana citizens of all ages with all types of disabilities and those with limitations due to aging who need AT. AT includes items that individuals use to assist them in daily activities, such as canes, wheelchairs, communication devices, hearing aids, keyboard alternatives, learning software, and vision aids. LATAN envisions a future in Louisiana in which individuals who use AT can achieve greater

The Governor's Office of Elderly Affairs serves as a focal point for Louisiana's senior citizens and administers a broad range of home and community based services through a network of Area Agencies on Aging. GOEA has developed an extensive network of agencies recognized as the Aging Service Network. This network consists of the 64 Parish Councils on Aging (COA), 36 Area Agencies on Aging (AAA), 139 Senior Centers, University Centers, Advocacy and Service Organizations, the Senior Corps (Foster Grandparents, Senior Companion, Retired Senior Volunteer Program), and the state Senior Employment Program (Title V).
Women's Policy and Research Commission

The Louisiana Women's Policy and Research Commission exists to:

- Research and collect facts and statistics about the wellbeing of women.
- Make special studies of conditions pertaining to the employment, health, safety and financial status of women in the state of Louisiana.

Louisiana Commission for the Deaf

The Louisiana Commission for the Deaf provides accessibility services for persons who are Deaf, deaf-blind, or have hearing loss or speech impairment to gain equal access to any public or private service. Accessibility services include, but are not limited to: Interpreting, Document Interpretation, Telecommunication Interpretation, Telecommunications and general accessibility equipment, Hearing Aids, Information and referral, Advocacy, Consumer Training, and Public Service Announcements. Each year over 20,000 residents benefit directly from services contracted for by the Louisiana Commission for the Deaf (LCD). LCD has eight (8) community-based Regional Service Centers who ensure accessibility is provided to all consumers.

Louisiana Rehabilitation Council (LRC)

The Louisiana Rehabilitation Council listens to the concerns of those with disability issues, reviews, analyzes and evaluates the state rehabilitation program, collaborates with other state agencies, organizations, and consumer groups. The LRC consults with and advises LRS on the performance of its responsibilities under Title I of the Rehabilitation Act, particularly in the areas related to eligibility, extent, and scope of services provided.
