Climate Initiatives Task Force

STRUCTURE, PROCESS, AND NEXT STEPS
Emissions Reduction Goals

By 2025
26-28%
Of 2005 levels

By 2030
40-50%
Of 2005 levels

By 2050
Net Zero
Louisiana will reduce its greenhouse gas emissions to do its part to limit the worst impacts of climate change and improve the welfare of its residents and environment while maintaining its position as a world leader in energy, industry, agriculture, forestry, and transportation.
Task Force

Values

- Respect
- Integrity
- Transparency
- Science-based
- Consensus-driven
• Scope emissions sources and sinks in their sectors
• Develop and evaluate strategies

• Evaluate strategies through subject-matter lens
• Provide advice upon request

• Steer direction of overall Climate Initiative
• Develop and approve interim and final reports
Committee Charge

Develop and evaluate emissions reduction proposals and implementation strategies to reach short, medium, and long-term emission reduction goals
Agriculture, Forestry, Conservation, and Waste Management

- Joey Breaux, LDAF
- Karen Gautreaux, TNC

Land Use, Buildings, and Housing

- Camille Manning-Broome, CPEX
- Gina Campo, OCD
Manufacturing and Industry

- Jason Meyers, DEQ
- Timothy Hardy, Breazeale, Sachse, & Wilson

Mining and Oil & Gas Production

- Brent Campbell, Office of Conservation
- Jason Lanclos, DNR's Office of Energy
Power Production, Distribution, and Use

- Jonathan Bourg, Entergy
- Bill Robertson, PSC

Transportation

- Dr. Eric Kalivoda, DOTD
- Flozell Daniels, FFL
Committee
Next Steps

• Hold first meeting before December Task Force meeting
• Identify sector-specific emissions sources and sinks
• Identify existing resources and resource needs
• Develop fundamental and means objectives for approval by Task Force and adoption in interim report
• Develop 2021 work plan
Advisory Group

Charge

Develop fundamental objectives and a rubric for evaluating the impacts of potential solutions and provide support to Task Force and committees as needed
Advisory Groups

**Science:** Dr. Virginia Burkett, USGS, and Dr. Mark Zappi, ULL

**Equity:** Collette Pichon Battle, Gulf South Center for Law & Policy

**Economics and Finance:** Brad Lambert, LED

**Law and Policy:** Robert Verchick, Loyola University College of Law
Advisory Group

Next Steps

• Hold first meeting before December Task Force meeting
• Identify existing resources and resource needs in group
• Develop fundamental and means objectives for approval by Task Force and adoption in interim report
• Develop 2021 work plan
TASK FORCE DELIVERABLES

INTERIM REPORT
February 1, 2021

GHG INVENTORY UPDATE
Mid-2021

FINAL REPORT
February 1, 2022
Interim Report

I. Climate Risks to Louisiana
   a. Environment
   b. Economy
   c. Community

II. Targets, Mission, Vision and Structured Decision Making

III. Committee & Advisory Group Reports
   a. Sector Overviews
   b. Fundamental and Means Objectives
   c. Metrics to Reach Objectives

IV. 2021 Work Plan
   a. Promising Areas for Investigation

# Timeline to Final Report

<table>
<thead>
<tr>
<th>MONTH</th>
<th>TASKS</th>
</tr>
</thead>
</table>
| WINTER 2021      | • Task Force approves interim report.  
• Public solicitation of proposals.  
• Committees and advisory groups finalize rubrics for evaluating proposals.                                                                                               |
| SPRING 2021      | • Task Force develops process for determining holistic suite of recommendations.  
• Committees begin to review proposals, develop a list of strategies, and identify gaps.  
• Advisory group reviews committee lists of strategies.                                                                                                               |
| SUMMER 2021      | • Committees draft strategy recommendations.  
• Advisory groups review committee draft strategy recommendations.  
• Task Force reviews committee strategy recommendations and reviews GHG Inventory Report                                                                            |
| FALL 2021        | • Task Force determines holistic suite of recommendations.  
• Sector committees and advisory groups provide support and refinement of recommendations.                                                                           |
| WINTER 2022      | • Publish draft *Final Climate Solutions Strategy* for public comment.  
• Revise based on public comments.  
• Task Force approves *Final Climate Solutions Strategy*.                                                                                                          |
